

TV FFA September Newsletter

The first competition of the year was the District 8 Forestry contest where the team brought the hammer down to win first place. The team had 5 participants land in the top 10 in the rankings. At the end of the month, 17 members on the team triumphantly walked away with a secure third place finish and brought home another banner for the FFA chapter. Sophomore Jackson Staugh took off with a 10th place overall individual finish in the state.

This September we traveled over to London, Ohio to attend the Farm Science Review, members learned more about the agriculture industry and careers in the field.

The Ag Soils team went to Indian Valley to participate in the District 8 Ag Soils competition. There they placed 2nd as a team and will therefore compete in the state contest next month. The team was led by Junior William Dearing and Senior Gillian Hockenberry who both placed in the top 5 individually at the contest.

The First meeting took place September 12 at the ag building. With 48 members present, the Tri-Valley FFA celebrated the beginning of the school year with a cornhole tournament. Congratulations to our winners Conner and Cale Preston!
